Hi Phyllis,

Happy New Year to you too! I will have someone from my office fax you all the information as per your request. Actually I think we will have to put it in the mail, as the Affidavit of mail was done at the post office, so only the affidavit is about 50 pages long. Please email me your address, so that someone from my office can send it to you tomorrow. By the way I am not going to the office on a daily basis as I am pregnant and I am on my 30th week. Thank you. Barbara
