

Hello Fellow Screwees,

This is a letter sent by Dawn Amidon to various people, one of whom forwarded it to me. I appreciate her letting some homeowners know about this alleged correspondence.

After all the Hooplah caused by the 2 homeowners on the HOA board and the new members of the KGRG board it seems that they are realizing just how sneaky old B. actually is.

All he wanted was for us at Kings Gate to not rock the boat by going to the media. As far as I can see he never wanted to give in on anything. I guess he proved that accommodating his wishes does not do a thing for us in K.G. I don't know how many of you remember that before WWII the Brits sent their Chamberlain to talk to Hitler. Adolf also promised to be a good boy and look where that got this world. Benderson is cut from the same cloth as Adolf.

To blame Ted Snyder for any of this is totally off the wall. Yes, it is a good idea to have a special meeting to talk about the legal implications. To back off now would be 1937 all over again on a smaller scale. And having our attorney at the planned meeting is very important.

The only thing Benderson understands is bad publicity and a threat of a law suit. Maybe then we can sit down and get somewhere.
