Miami, FL— As one of the biggest international community responses in history for the tragedy in Haiti, Miami is not falling behind in these efforts. A group of event producers, musicians, community leaders, and activists will be joining together for a benefit concert on Saturday, January 23rd and Sunday, January 24th.

Working vigorously assisting in organizing this epic concert, State Representative Julio Robaina encourages all residents to gather funds and relief items for the impoverished nation. He is proud to announce that Florida Governor Charlie Crist and Mayor Tomas Regalado will be present at the concert. He thanks them for their unwavering support for this local area event for Haiti.

State Representative Julio Robaina invites the entire community to attend this concert not only to listen to great music but to raise desperately needed aid. The suggested \$10 minimum donation at the door will be going directly to the American Red Cross for immediate relief needs.
